

Description	N/A	✓	Notes
1. Project regulated by Part 3, 9 or 11			
2. Major occupancy			
3. Building area/gross area (<i>m</i> ²):			
a. existing			
b. new			
c. total			
4. Number of storeys: above/below grade			
5. Height of building (<i>m</i>)			
6. Number of streets/fire access routes			
7. Building classification			
8. Sprinkler system as proposed			
9. Standpipe <i>as required</i>			
10. Fire alarm <i>as required</i>			
11. High building			
12. Permitted/actual construction:			
a. combustible			
b. non-combustible			
c. both			
13. Mezzanine(s) area (<i>m</i> ²)			
14. Occupant load based on:			
a. m ² per person			
b. design of building			
c. list by floors, including basement level(s)			
15. Hazardous substances			
16. Required fire resistance ratings:			
a. horizontal assemblies			
b. supporting members			
c. indicate listed design numbers			
17. Spatial separation/construction of exterior walls; provide details for each side of building, including:			
a. area of exposed building face (<i>m</i> ²)			
b. limiting distance (<i>m</i>)			
c. length/height or height/length ratio (<i>m</i>)			
d. permitted maximum/proposed % of openings			
e. fire-resistance rating			
f. listed design or description:			
i. combustible			
ii. non-combustible			
iii. combination
