

5.10 Short List of Architectural Practices

For your information, the following practices have been short-listed and have been asked to submit project proposals and attend an interview.

Rank	Practice Name	Interview Date and Time
1		
2		
3		
4		
5		

5.11 Final Architect Selection Procedure

1. At the conclusion of the interviews, architects will be ranked in accordance with the scores attained from their project proposal and interview.
2. The architect with the highest score deemed to be most qualified and compatible for this project will then be invited to prepare a scope of services and fee proposal for consideration.
3. Once the scope of services and the fee proposal have been jointly developed and agreed upon, the client and architect will execute a contract.
4. If contract terms cannot be reached, negotiations with the first-ranked architect will be abandoned, and the architect ranked second will be invited for contract negotiations.
